Description and Location

On December 9th and 10th, the City of Santa Barbara will host community workshops at **821 State Street** for members of the public to help develop design concepts for the project area. Staff will also provide an update on the "Create State" - State Street Master Plan project. All events will include the same activities in English and Spanish.

A pop-up art show with works about creativity and innovation will take place at the workshop location, 821 State Street, on December 9th and 10th
